13.06.015 Definitions

Whenever the following words or terms are used in this chapter, they shall have the meaning ascribed to them in this section, unless the content makes such meaning repugnant thereto.

- A. "Driveway" means any road which provides, will provide, or is proposed to provide direct access to only one lot from any other road which provides access to more than one lot.
- B. "Duplicate" shall mean that the road in question either has the identical name, has a name which because of its pronunciation or spelling is deceptively similar to another name, or has an identical name followed by a different designating suffix, i.e., Willow Street and Willow Road.
- C. "Private Road" means private easements or travel ways not dedicated to the public and located on private property.
- D. "Public Street" means a dedicated right-of-way or a public prescriptive easement as determined by a final court action.
- E. "Reasonable" shall mean that the choice of name for the road in question, to the extent possible, should be consistent with the historical, cultural, geographical, or natural significance of the area. Roads within a neighborhood are encouraged to use a consistent theme in their names.

13.06.020 Road names required

Official road names shall be established in accordance with the following:

- A. Every road existing, proposed, or constructed which provides, will provide, or is proposed to provide access to two or more lots in the City of Cordova shall be identified with a unique road name so as to clearly identify and distinguish such road from every other road in the City of Cordova.
- B. Naming of private streets shall be in accordance with this section and shall be named in accordance with the procedures of section 13.06.040.
- C. Naming a private road does not constitute a legal dedication of the street for public right-of-way or maintenance purposes.
- D. Driveways shall not be required to be identified by a separate road name, but shall be required to comply with other signage and addressing requirements of this chapter.
- E. No Road shall have a duplicate name.

- F. A different suffix (street, avenue, etc.) does not constitute a different name.
- G. Road names shall not exceed 18 letters and/or spaces.
- H. All road names shall be reasonable as defined in this chapter.
- I. The City Planning Department shall have the final authority to approve and assign road names for roads within the City.
- J. No building permit shall be issued for any construction on property in the City unless the road accessing such property has been assigned a name pursuant to this chapter.

13.06.030 Master list and map

The Planning Department and the Public Safety Department shall maintain a master list and map of all roads within the City which identifies each road by its unique name or designation and its location. Once a road name or other designation is approved and assigned, that name shall not be used for any other road in the City, unless otherwise provided for in this code.

13.06.040 Road naming

- A. The Planning Department upon a finding that an existing road name conflicts with or duplicates another existing road name thereby causing confusion as to the exact location of either road or the road has not been assigned a name, shall officially rename the road(s) using the procedures set forth in 13.06.040(B) and 13.06.040(C).
- B. The Planning Department shall send written notice to the record owners of any land accessed by any road identified in Section 13.06.040(A). Such notice shall contain, at a minimum, the following:
 - 1. A description or identification of the road(s) and property in question;
 - 2. A statement that the name of the road accessing the property duplicates the name of another in the City or that the road has not been assigned a name;
 - 3. A statement or copy of the criteria to be used for naming or renaming roads;
 - 4. A determination by the Planning Department and Public Safety Department that one or more of such roads must be named or renamed, identifying which road or roads are required to be named or renamed; and
 - 5. A notice of the time in which the record owners of land assessed by such road or roads identified for naming or renaming shall respond by petition for naming or renaming the identified road(s).
- C. Within 30 days of the mailing of the notice required under section 13.06.040(B), the record owners of land accessed by any road required to be named or renamed may submit to the Planning Department a Petition for Naming or Renaming Roads containing the following:

1. Proposal of a name or new name for the road or roads required to be named or renamed.
2. Signatures of the record owners of a minimum of 51% of all land accessed by such road or roads.
3. If such owners of land cannot agree on one name, the Petition may contain a list of no more than three alternative names for any one road.

13.06.050 Notice and determination

- A. Upon receipt of a Petition as provided in 13.06.040(C) the Planning Department shall approve and assign any name proposed in such petition if it is found that such name is reasonable and does not duplicate the name of any other road within the City of Cordova.
- B. In the case that no petition has been received within 30 days of the mailing of the notice required in 13.06.040, or if it has been determined that the name proposed in the petition is a duplicate, a reasonable name shall be selected and assigned pursuant to the guidelines contained in section 13.06.020.
- C. Once a road name is approved and assigned pursuant to this section the Planning Department and the Public Safety Department shall make a notation of such name or changed name on the master list and map of all roads in the City.

13.06.060 Renaming of roads

- A. A petition to rename a road submitted to the Planning Department shall contain:
