INSTRUCTIONS FOR ROAD KILL APPLICANTS

PLEASE REMOVE THIS INSTRUCTION SHEET AND KEEP IT AT HOME FOR REFERENCE

I hereby make application to the State of Alaska, Department of Public Safety, to be called as a recipient of road killed game or confiscated fish.

I understand that this means that I could be called to respond to the road kill at ANY hour of the day, possibly many miles away. I understand that I must be able to reach the road kill animal within and no longer than 30 minutes from the call.

I understand that I MUST BE PREPARED WHEN SUBMITTING THIS APPLICATION to be able to respond upon receiving the road kill notification. I agree to respond and remove the carcass from the roadway or private property as soon as possible.

I understand that if a road kill bear is received, I am responsible for the return of the hide, skull and claws to the State of Alaska Department of Fish & Game or The Division of Wildlife Troopers within a reasonable amount of time after salvaging the edible meat.

I understand that I am not guaranteed to receive a full-grown moose: that the moose could be a calf or could have significant damage, and that I will salvage what I can.

Alaska law dictates that no part of the animal will be left on the road or on the right of way. I agree to remove the viscera (guts) and other animal parts from the roadway and as far out of sight as practical. I will not leave remains on private property.

I agree that if I cannot be contacted or cannot respond on three separate calls my name will be dropped from the list.

If I receive game or fish, I understand that my name will go to the bottom of the list for either game or fish, depending upon which I received. (For example, receiving fish will not exclude me from receiving game at a later date.)

I understand that only one application per household will be accepted.

I understand that by violating any of the above regulations I could have the animal confiscated and have my name removed from this program.

Please contact the Alaska Wildlife Troopers at (907) 424-3184 with questions pertaining to the Road Kill Program in the areas described in this application.
