**MINUTES  
HARBOR COMMISSION MEETING  
DECEMBER 12, 2018 @ 7:00 PM  
CITY HALL CONFERENCE ROOM B**

**Call to order:** This meeting was called to order by Jake Betts @ 7:01 pm.

**Roll Call:** In Attendance: Max Wiese, Jake Betts, Ken Jones, and Mike Babic via phone

**Approval of Agenda:** M/ Wiese, 2nd/ Jones, V/ Unanimous to approve

**Approval of Minutes:** M/ Jones, 2nd/ Wiese, V/ Unanimous to approve

**Communications by Visitors:**

Mike Smith- Said he prepared a letter to speak at City council and wanted to address it here too. USCG had required him to get hazmat off vessel (Polar Bear) and he has complied. Is making himself available for questions. There are no punctures in the hull, vessel broke anchor chain from wear. It is not possible for it to sink on the mud flats. In regard to the tidelands site: you could bury big dead man or dolphins and provide a cheap area for large boat maintenance.

Kory Blake- There is no flow in the harbor. Is there any way we can add culverts? Used to be smelt in the harbor and they haven't been back for years.

PND Engineering- Reiterate that these are just conceptual drawings that give an overall general scope of work to be done. General discussion on the presentation included in the packet.

**Harbormaster's Report:** The report was printed in the agenda packet. Additional: Bob Widman and Tyler Dillon were winners in the travelift drawing. The bond has been approved by council and will go to the voters in March.

**New Business:** None

**Old Business:** None

**Miscellaneous Business:** None

**Audience Participation:** Mike Smith asked if the area by the Science center was available for a net dock or airplanes. Possible in a few years.

**Commission Comments:** Wiese- Good discussion with PND. Plan 4 looks better with the angled stalls. Jones- Like it. It's a step in the right direction. Betts- Glad to be moving forward. Like idea of flushing harbor and possibly driving piles out on the tide land area. Schinella- Like to thank Sam for all her work on the build grant.

**Adjournment:** M/ Jones, 2<sup>nd</sup>/Wiese, V/ Unanimous to adjourn at 8:05 pm

## Harbormaster's Report

- Repaired 3 electrical issues
- Cleaned up absorbent collection area
- Received 2 harbor carts build by CHS
- Completed 119 vessel lifts for 2018
